We are thrilled to be returning to this picture postcard-worthy location to cruise on Lake Okataina. Step onboard the stable MV Waiora, and let's go cruising the crystal clear waters. The lake edge is bush-clad and rises steeply. This extinct volcano is now the home to many trophy-sized rainbow trout and a popular fisherman destination. Come and Feel the raw beauty and tranquillity of Lake Okataina as you fall under its captivating spell.

Along with its elegant beauty, Okataina has a rich history, sure to intrigue. Enjoy a great cruise and BBQ lunch on the boat. A sunhat, flat shoes and sunglasses recommended.
