An exclusive look behind the gates of the Redwoods. A beautiful day in the forest awaits with some local experts. Following a delightful morning tea, let's immerse ourselves in the history, natural beauty and the business of the Redwoods, with an introduction by the MDA group specifically focussing on Mountain Bike Rotorua and the Whakarewarewa Forest. We will visit the compelling spots that draw people from near and far: the prosperous forestry industry, world-renowned mountain bike trails, the fascinating history behind the scenic area, and the impressive future planned. Bring a smile and an appetite, and a yummy BBQ lunch awaits us at our next destination - the Secret Spot, where you can dip your tootsies. Keen to see behind the locked gate and a hidden gem?
