Full Payment Required On Booking.

Tuesday 9th September. MT, L

Our journey begins with stories untold, where treasures of history and culture unfold. A place of research, collections, and lore, step inside and learn much more. A short stroll brings another delight, a gallery of heritage, a feast for the sight. Then onward we go, where the sea meets the land, a meal by the water, perfectly planned. Next, a farm where nature is embraced, with native tea full of flavour and grace. Sip, savour, and learn as you are shown, the secrets of plants so carefully grown, through the countryside, our path winds tight. Past a quirky fence, a curious sight. Stories and laughter, memories to keep, as back to Tauranga, we peacefully sweep.
