Wednesday 29th October MT, L

Our journey begins with a morning delight, where berries of blue colours grow in fields of light. A tractor ride through rows so neat, then a factory where flavours meet. Next, a hidden retreat calls our name, with gardens and views of peaceful acclaim. A tour through its halls, a story to tell, then lunch is served, where flavours excel. To end the day, a private escape, where rolling hills and nature take shape. A walk through the land, a sight to see, A place of beauty and mystery. Where have we wandered? What did we find? A day of adventure, a journey designed.
